

2023 Ocean Blue Ag PTI Farm Results Soybeans

Sea-90 broadcast mineralizer

- 90+ minerals and trace elements in perfect balance
- Supports the natural nitrogen cycle unlocking 40+ lbs. of N
- Efficient Potassium source eliminates need for added K
- Balances and rebuilds soil fertility for optimal productivity

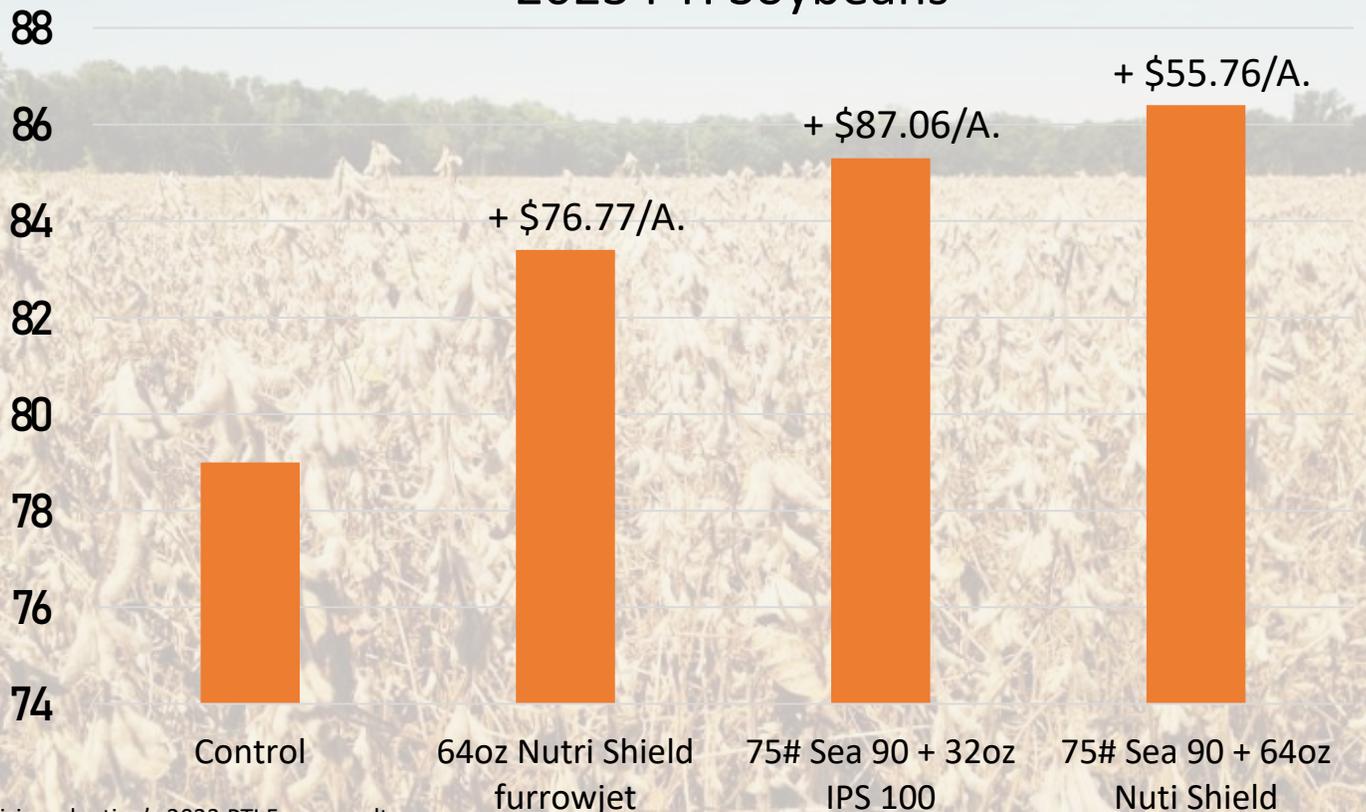

Nutri Shield & IPS 100

- Proven to make up to 47% more phosphorus available to the plant
- Reduces the required application amount of P & K
- Nutri shield can replace in furrow starter fertilizer
- IPS 100 enhances sprayer herbicides and looses soil compaction

2023 PTI Soybeans
